The Best Value in Pin Sticker Attachment Chain

Thousands of plastics manufacturers using thermoforming processes worldwide have made an important discovery. They've found that Peer Chain gives them a better way to get the best value in pin sticker attachment chain. No matter what your application may be, Peer's approach to quality, inventory, service and delivery keeps you running faster and more competitively than ever before.

Peer pin sticker attachment chain is built on four distinct advantages:

- **Highest Quality**

Peer pin sticker attachment chain has been tested and approved by many OEMs and users in the US and worldwide. Customers just like you consistently rate it the best value for the money.

- **Wide Variety**

Peer stocks over **100 different variations** of sticker chain. We carry single strand, double strand, inch dimensions and metric dimensions in both riveted styles and connecting link styles. Many sizes available with sharpened sticker points to reduce punch scrap on raw material. We can custom design sticker chain to your specifications.

- **Immediate Availability**

Peer chains can be purchased through our nationwide distribution network. Our distributors can service your needs locally. Stocking programs are available to support your local inventory needs. Peer can cross reference part numbers for exact interchange to existing chains.

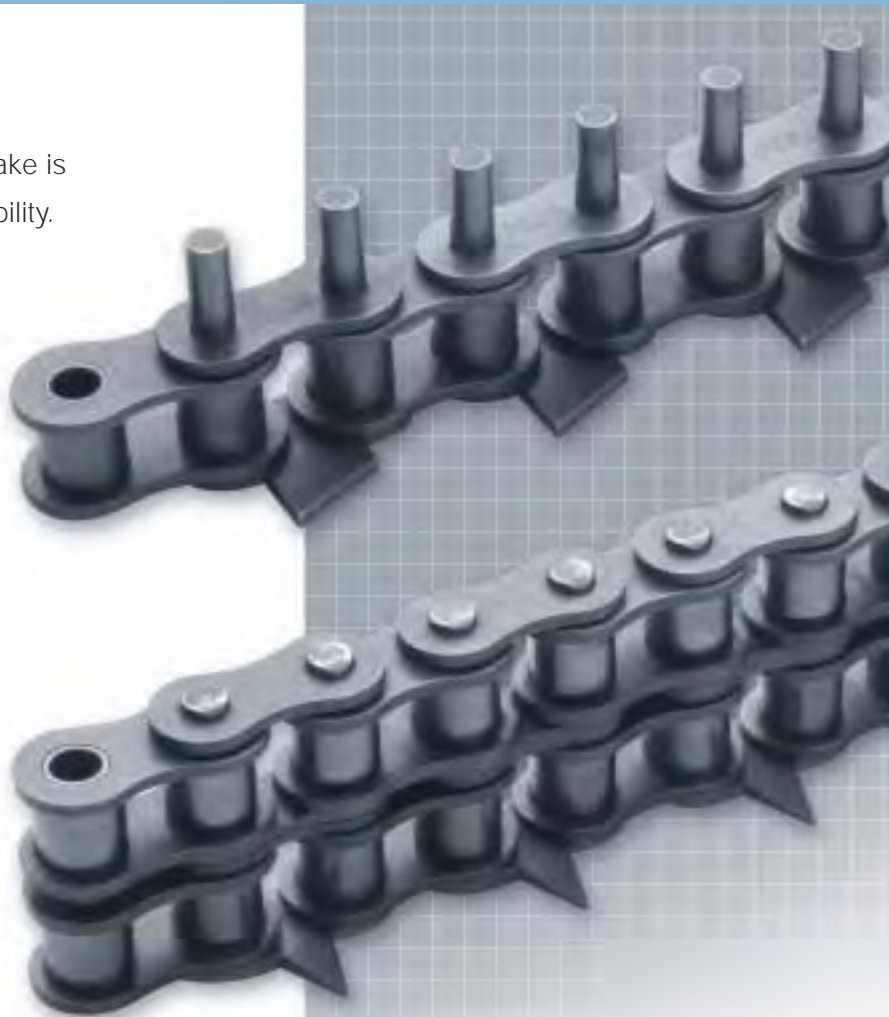

- **Competitive Pricing**

We want to be the number one source for all your pin sticker chain needs. You'll be pleased by the value we can deliver!

The Anatomy of Quality

Every component in every sticker chain we make is designed to give you the highest level of reliability. Here are just a few reasons why Peer Quality is prized by our customers:

- Quest™ Chain - Solid bushings for less stretch and less downtime
- Heavy lubricant for additional wear life
- Shot peened parts to improve fatigue life
- Chains are supplied in matched pairs, with two matched reels in a box
- Chains are pre-stretched to eliminate initial elongation on application
- Heat treated parts to improve life of the chain
- Solid Rollers

Choose the Sticker Chain to Match Your Needs
