

Comprehensive Solutions

WE'VE GOT YOUR CHAIN

"PEERFECTLY PAIRED"

Comprehensive Chain 50+ Years & 4 Generations of PEER Support

Our Grandpa Nate launched PEER Chain on July 9, 1969 as a separate entity from his bearing company. Nate, a well-known local card player, said it was like giving his sons a seat at the table. He always stressed the importance of keeping the cards close to one's chest. When it came to chain, his advice was simple:

1. Offer the best chain solutions;
2. Have an exhaustive range of products on-hand;
3. Respect the fact that customers hold the best cards in the deck.

His legacy lives on and our most compelling success metric, hands-down, is you, our customer. Today, we only gamble during charity events but never risk the values and 50+ years of relationship-building that separate us from the competition.

2nd Touch Fabrication & Inventory at the Ready

Undoubtedly the Spungens' largest investment is in PEER Chain's Fulfillment Center. Our \$20MM inventory is manufactured in some of the world's most advanced automated facilities, all ISO 9001:2015 certified. We make shorter lead times a reality with our expansive inventory and in-house assembly capabilities. PEER Chain stays ahead of the curve in our dynamic marketplace by always striving for order accuracy, warehouse accuracy, on-time performance and customer satisfaction. It's more than a commitment. It's our Passion.

From Industry to Industry, From Carbon to Stainless to Coated

Whether automotive plants, farm equipment manufacturers, forestry yards, logistic installations and food processing facilities, we offer thousands of solutions for your equipment. No matter your industry or environment, PEER Chain has the expertise and inventory to keep you running!

Glenn, Jeff, Danny & Charles Spungen
